Where did you hear about us?	

Date _____

You might well ask, why all the questions?

We use these answers to determine the right design, style, imagery and layout for your website. We also build the site to be optimized for search engines.

A website design quote will NOT be provided if;

- * Your website has sexually explicit or morally degrading material.
- * Your business disengaged in illegal activity.
- * You sell or intend to sell illegitimate products and services.
- * You have an idea only but you do not have a detailed project brief.
- * The sole purpose of your website is to sell online advertising space.

Help page:

4) When will you need this website done?

Are you ready to do this design right away? Do you have a time schedule or need this site done immediately, or choose another time period that fits your schedule.

(You must pay 50% of total price for this project, the design will be started and get your design done quickly)

8) How many pages do you need for your site?

When we quote, we need to know how many web pages you want to create, this will determine cost. (Having a home page, an about us page, a contact page, is a 3 page web site, or other additional page? Please give us an idea of how many pages you will need for this project.)

12) Do you need any forms for collecting information?

Online-Form. Allowing your visitors to fill them out or you will collect data from your visitors and then sending it to your email address. Let us know what special forms you need.

13) Do you need Ecommerce for your website? (will accept credit card payment online).

Ecommerce means you want to sell products, services or something from your website. Please let us know how many items you will put. **To complete this function system is a bit more expensive.**

14) Do you need search engine or internet advertising?

If you want to make an impact and let people know you are there. There are a few options you can choose here. Regardless, if you want to get your website on to the **search engines**, please choose this option.

15) Do you already have a logo? If no, do you need design it

If you already have a logo, we can incorporate it in to your new web site. We can also animate the logo with flash and incorporate it in to a flash banner. If you do not have one, we also offer logo design service for you.

18) What is your budget for this project?

Give us an idea what your budget range is (your price range). We will bid and try to keep our design inside your budget range if we can. If you give us a **REASONABLE** budget range, we should be able to help you.

The higher your budget, the more options we will give you inside your quote.

19) Do you need a domain name?

A domain name means your physical address. This gives you the ability to have email addresses with your own address. We can register you a domain name.

20) Do you need hosting?

Web Hosting means a place to store your website and all your web files. This is how your website will be on the internet 24/7/365. It comes with a neat control panel that allows you to create your own emails, check your web mail, look at your online stats and manage your website.
